Agreement for Supply of Electricity at High Tension

Agreement executed this 17 day of Nov 2023 by M/s Yadala Satyanarayana Memorial Education Society for themselves / himself / itself and for their / his / its/hers assigns and successors in favour of the SOUTHERN POWER DISTRIBUTION COMPANY OF TS LIMITED. a statutory company constituted under section 23 of AP Electricity Reforms Act. 98. Henceforth referred to as the Company.

SUPPLY OF POWER:

I/We the above mentioned have requested the company to supply electricity at specified voltage of supply as per tariffs for the purpose of **Educational Institution (HT Cat-II, SC. No. HBG-1673)** and the company agreed to afford such supply on the General Terms & Conditions notified by them from time to time under Section. 23 of the Distribution and Retail Supply License Conditions and these hereinafter mentioned.

LOAD / MAXIMUM DEMAND. :

I/We agree to take from the company, electric power for a maximum load not exceeding **400 KVA** which shall be taken to be my/our contracted demand for our exclusive use for the purpose above mentioned, at our Mills/Factory/Premises situated at **Sy. No. 175 & 181, Ankushapur (V) in Ghatkesar Section of Ghatkesar Sub Division in Keesara Division of Habsiguda Circle.** My/our contracted load shall be **600 HP/KW**. I/we shall not effect any change in the maximum demand or contracted load without prior intimation to the Company.

RE-SALE OF ELECTRIC POWER:

I/We undertake that, I/we shall not sell electrical energy obtained under this Agreement without the sanction in writing of the company.

OBLIGATION TO COMPLY WITH REQUIREMENT OF ACTS, GENERAL TERMS AND CONDITIONS OF SUPPLY:

I/We further undertake to comply with all the requirements of the Indian Electricity Act, 2003, the Rules and Regulations framed there under, provisions of the tariffs scale of Miscellaneous and General Charges and the General Terms and Conditions of supply prescribed by the company with approval of the TS Electricity Regulatory Commission herein after called as Commission from time to time and agree not to dispute the same.

DATE OF COMING INTO FORCE OF THE AGREEMENT:

I/We shall begin/take electrical energy from the Company under the conditions of this Agreement within one month from date of issue of intimation in writing to me/us by the Designated Officer of the company that supply of electrical energy is available. The provisions of this Agreement shall be deemed to come into force from the date of commencement of supply of energy or the date of expiry of **one month** notice above referred to whichever is earlier.

6. PERIOD OF AGREEMENT:

I/We undertake to avail supply for a minimum period of **1 year** from the date of this Agreement comes into force.

7. DETERMINATION OF THE AGREEMENT:

I/We shall be at liberty to determine the Agreement by giving in writing **one month** notice expressing such intention at any time after the period of **one year**. If for any reason I/We choose to derate / terminate Agreement before the expiry of the minimum one year period of the Agreement, the deration / termination will be done with effect from the date of expiry of the **one month** notice period or expiry of the initial **one year** period whichever is later. I/We agree that the Company may

terminate this Agreement at any time giving **one month** notice, if, I/We violate the terms of this Agreement or the General Terms and Conditions of Supply notified by the company with the approval of the Commission from time to time or the provisions of any law touching this Agreement including the Electricity act, 2003, the Rules and Regulations framed there under. This Agreement shall remain in force until it is terminated as above indicated. In computing the period of **1 year** referred to above the period or periods for which the annual minimum guarantee has or have been waived or reduced shall be excluded.

8

OBLIGATION OF CONSUMER TO PAY ALL CHARGES LEVIED BY SPDC OF TS LTD:

From the date this Agreement comes into force I/we shall be bound by and shall pay the company maximum demand charges, energy charges, surcharges, meter rents and other charges, if any, in accordance with the tariffs applicable and the General Terms and Conditions of supply prescribed by the company from time to time for the particular class of consumers to which I/we belong.

SPDCL OF TS LTD. RIGHT TO VARY TERMS OF AGREEMENT:

I/we agree that the company shall have the unilateral right to vary, from time to time, tariffs, scale of general and miscellaneous charges and the General Terms and Conditions of supply under this Agreement by special or general proceedings. In particular, the Company shall have the right to enhance the rates chargeable for supply of electricity according to exigencies.

In case any dispute or difference that may arise in future on supply of electricity or on the other terms and conditions of agreement between the company and the consumer, such disputes / differences may be referred to or file in the appropriate court of Law within the state of Telangana only or tried by competent Court with in the jurisdiction of **The High Court of judicature at Hyderabad.**

MONTHLY MINIMUM CHARGES:

I/We shall pay minimum charges every month as prescribed in prescribed tariff, and General Terms and Conditions of Supply even if no electricity is consumed for any reason whatsoever and also if the charges for electricity actually consumed are less than the minimum charges. The minimum charges shall also be payable by me/us even if electricity is not consumed because supply has been disconnected by the company because of non-payment of Electricity Charges, Theft Of Electricity Or Unauthorized Use Of Electricity or for any other valid reason.

SPECIAL ANNUAL MINIMUM GUARANTEE: (Not applicable when the consumer contributes the full expenses as per Section 46 to the Act).

In consideration of the company making arrangements for supplying electrical energy to me/us, I/we agree with effect from the date of commencement of this Agreement for the period of **one year** to guarantee a minimum payment every year towards demand and energy charges only, exclusive of payments toward surcharge, or other payments by whatever name they may be called. If the amounts actually paid towards demand energy charges during any year fall short of the guaranteed minimum, the amount of deficit shall be deemed to be arrear of electricity charges and recovered accordingly.

12. I/we hereby agree that if I/We, am/are found indulging in theft of Electricity or Unauthorized Use of Electricity in respect of use of electrical energy I/We shall pay additional charges as may be levied by the company. I/We also agree that in such an event the company shall in addition to levy of the additional charges have right to disconnect supply of electricity to my/our premises for such period as may be decided by the Company.

13. I/We requested the company to provide the meter for measuring the electricity supplied to me and the company has agreed for the same. Accordingly, I / We agree to pay the monthly meter rentals, as may be fixed by the Commission from time to time.

Solar Panels

Generating electricity with solar power instead of fossil fuels can dramatically reduce greenhouse gas emissions, particularly carbon dioxide (CO₂). Greenhouse gases, which are produced when fossil fuels are burned, lead to rising global temperatures and climate change. Climate change contributes to serious environmental and public health issues. By going solar, we can reduce demand for fossil fuels, limit greenhouse gas emissions, and shrink our carbon footprint. This is one of the strong reasons behind installing Solar Panels at ACEEC.

This initiative keeps the campus far away from the bitter effects of radiation, global temperatures and other toxic gases. Power consumption is drastically reduced by using LED bulbs. Usage of LED bulbs thus saves power to some extent. ACEEC Engineering College (Autonomous) has spacious class rooms with good ventilation facility. The sophisticated greenery in the campus, hygiene atmosphere and well versed facilities of the institute offers a unique platform for students to develop zeal for learning.

GO GREEN INITIATIVES:

With an objective of imparting consciousness about environment sustainability among the students, the institute has taken several steps. The institute firmly encourages tree planting and encourages students and staff to plant a tree.

Carbon Neutrality

The ACEEC takes Necessary steps for several plantations across the campus. The vehicle traffic is restricted withering in the campus in view to reduce carbon emission. Well grown plants around the campus are maintained to reduce the effect of pollution. The institute always extends a complete support to the students in NSS Activities. The NSS Volunteers take active part in turning the campus with lavish greenery whenever it is possible. At least, thrice a year, saplings are planted here and there in the campus by the NSS Volunteers which may result in reducing the pollution and add the greenery more. The plentiful greenery provides the students to have a better ambience to concentrate more on their studies.
