

DEPARTMENT OF INFORMATION TECHNOLOGY

On 5th September 2025, the III and IV year students of the IT Department organized a surprise celebration for their faculty members on the occasion of **Teachers' Day**. As a token of love and gratitude, the students presented **gifts and flower bouquets** to the teachers. They also delivered **heartfelt speeches** reflecting on their experiences, guidance received, and the strong bond shared with their mentors.

The celebration turned emotional and memorable, as students expressed their sincere thanks to the faculty. A **cake-cutting ceremony** was held, followed by a **photo session**, capturing the joyful moments of the day. The program beautifully highlighted the respect, affection, and appreciation the students hold for their teachers.
